ENTRY INFORMATION

Open to Everyone!

<http://www.mindsports.co.uk/>

- NOTES:**[1] **Entry Fees for MINI-BRIDGE** are per player per session. Each session of Mini-Bridge begins with a short teach-in for absolute beginners which is followed by a tournament.
- [2] **Entry Fees for all events** are per player and not per pair or team.
- [3] **"The Times" CROSSWORD PUZZLE CHAMPIONSHIP** is by qualification only. The qualifying puzzle will be published in "The Times". Two heats will be held on August 21st with the finals on August 22nd.
- [4] **To compete for the PENTAMIND medals** players must enter tournaments for 5 or more different games or mental skills. The first two letters of the game code indicates the game or mental skill. **AT LEAST TWO OF THESE EVENTS MUST BE PLAYED OVER THREE OR MORE SESSIONS.** Pentamind points are scored according to where the player finishes in each tournament. The players with the highest total Pentamind scores from their 5 best tournaments for different games and mental skills, including two tournaments with three or more sessions, will win the medals and the prizes. Players may enter as many tournaments as they wish for a maximum entry fee of £75 (juniors £30), excluding the MSO Masters Chess Championship. Players may include only one beginners' tournament or Mini-Bridge in the 5 best results. **SPECIAL NOTE:** Any Pentamind participant who enters and starts play in a tournament and then withdraws from it before playing at least half of the games will have that tournament included in his score calculations as one of his five events. No player may enter for tournaments which clash in the playing schedule.

Players who enter five events or more may register for the Pentamind by getting a Pentamind card to keep the results of their games. These must be handed in to the Games Control Room before close of play on Saturday 28th August. Any improvement in Pentamind Scores on Sunday 29th August must be notified to the Games Control Room by 19.30. Only results handed in on the Pentamind Scorecard will be counted towards the medal tally.

The scoring system for Pentamind is as follows: Each tournament has the same value. Your Pentamind score in a tournament is

$$\left[\frac{(p-n) \times 100}{p-1} \right]$$

where p is the number of players in the tournament and n is the position in which you finished in that tournament (tied positions are counted as the average of the positions in the tie, e.g. a tie for 1st and 2nd places counts as 1.5).

- [5] **The "DECAMENTATHLON"** will test the following games and skills: Bridge, Chess, Creative Thinking, Draughts (Checkers) 8 x 8, Go, Intelligence, Mastermind, Memory Skills, Mental Calculations and Othello.
