

Learn from the Best

Poker champion and game theorist Dario De Toffoli wants you to become a more consistent player.

Put the odds in your favour using De Toffoli's common-sense approaches and advanced concepts, including easy-to-memorize poker mathematics. Learn to recognize and take advantage of different player types, master betting and bankroll strategies, and put your best foot forward at final table play. Beginners are welcome too – De Toffoli will ensure that they don't get lost in the thicket of call, pot and all in. Best of all, the rules, winning strategies and culture of Texas Hold'Em (no limit and fixed) are given pride of place throughout the book. De Toffoli also covers the "soft" concepts of poker, such as table etiquette, the history of the game – and there's even a section on poker in cinema.

Written with precision, simplicity and humour by a leading professional player, **The Big Book of Poker** is the best way to fall in love with the game – and move from a being a regular loser to a confident winner.

Dario De Toffoli is one of the best games players in the world, winning the Pentamind World Championship at the Mind Sports Olympiad in both 2002 and 2012. De Toffoli is also the author of numerous books on games ranging from backgammon to poker and blackjack, and is the founder of games company Studiogiochi.
